

Visionary Concepts

Employee Benefit Insurance Brokerage

Employee Benefit Solutions

- Medical & other insurance related plans for your company employee and executive employee benefit program.
- We donate a portion of earned commissions as a broker of insurance products, to the **Boys and Girls Club** of your choice.
- Contact an account specialist for details **(866) 266-5381**.
- Visit our website at www.evconcepts.com.

Visionary Concepts, a *Benefits Communication Company*, offers employers the variety and flexibility of cost saving, retention driven benefit plans. Our mission is to provide healthcare solutions that offer a sensible way of containing costs without sacrificing quality, which then increases employee productivity.

The account executives at Visionary Concepts primary duties are to assist clients in negotiating and evaluating current and proposed plans, solicit bids for specific benefits, assist individual employees with claim disputes and to enroll and communicate those benefits to all employees on behalf of the client.

At Visionary Concepts we go well beyond providing you "everyday" solutions. We have leveraged our resources to redefine brokerage services in Florida and the Southeast US. Our experience with businesses has demonstrated, time and again, the more you know about our program, the more likely you are to adopt it.

Visionary Concepts is headquartered in Longwood, Florida. To find out more about Visionary Concepts and our services, please log onto our website at www.evconcepts.com.
